Privacy Statement: New General Data Protection Regulations apply from 25/5/2018. The data you provide when you join the Club or if you inform it of changes is necessary for the contract of membership between you and the Club. The legal basis for the Club holding this data is Legitimate Interest. Club committee members and other officers who are responsible for administering club activities (such as magazine mailing, purchases or organising activities) have access to your data. It will not be shared with other commercial organisations outside the club. The club holds your data securely for the duration of your membership and afterwards until your membership is deemed to have lapsed permanently. A record of vehicle details and your data is kept in an Archive for purposes of vehicle authentication or historical research. You have the right to request access to your data, to ask for errors to be corrected or for personal data to be erased. (Erasure would mean loss of membership as without it the contract of membership between you and the club ceases.) Completion of this form when joining or renewing membership of the Standard Motor Club means that you consent for the club to use your data and that of any Associate Member.

Vehicle Condition Form

Please give your assessment of the condition of the car based on the "Practical Classics" magazine definitions.

Condition 1: Cars are typically in first class condition in every respect. They are not potential concours winners, but they are immaculately maintained and free of significant faults

Condition 2 : Cars are generally capable of regular use. They have earned a justifiable MoT, but need work and or original parts to make them Condition 1

Condition 3: Cars need a complete rebuild though they might well be driveable. This category does not include the "guess what make" pile of bits

Condition:..... (1,2 or 3 as above)

If you know any of the history of your car, please detail it below. A photograph of your car in its current condition, for the Club Archives is always welcomed. If you have any other Standards, please record their details on a separate piece of paper.
